

Customer Testimonial Quotes

"Consumers get more discerning about their choices and sellers want to present their properties in the best light possible. Open houses are only a couple of hours a week, but when you have Matterport virtual reality, we can be open 24 hours a day, 7 days a week, 365 days a year."

Gregg Lynn
Sotheby's International Realty

"Traditional photography or a flat floor plan can't tell the story of how you live in a multi-story home. The Dollhouse View, elevator tool and ability to 'walk' through the home is critical to a true understanding of the home's value to the individual."

Kendyl Young
Realtor, DIGGS

"Matterport ...has brought my marketing to an entirely new level. I often get an "Oh WOW" or "That is amazing" when I show sellers an example during the listing presentation at a home. The Matterport 3D Showcase separates me from all the real estate agents in the area that don't offer Matterport and when I'm up against some of the few agents that do, I know I have nothing to worry about. Incredible technology and worth every penny!!"

Paul Morrison
Agent, RE/MAX

"We haven't lost a single listing since we started including Matterport in our listing presentation."

Matthew McKenna
Agent, Keller Williams

"We knew it would be a game changer for us. Today, we're definitely winning more listings with Matterport's technology.

Our prospective clients are absolutely stunned!"

Josh Altman
The Altman Brothers,
Los Angeles

"Not only has [Matterport] helped elevate me above competing agents in listing appointments, it has allowed me to get clients more money.

I am able to give a higher number of potential buyers realistic access to the home, ultimately bringing sellers more offers and higher prices than they would get without the extensive reach of the Matterport 3D home tour."

Michael Woodley
LUXE Platinum Properties

"I have always been at the forefront of any technology that enables me to better market my client's homes. This quantum leap in technology allows me to walk-through my listings with potential buyers online from anywhere in the world. In fact, the very first home that I created a Matterport 3D model for has since gone under contract to a buyer outside the country, who was able to virtually walk through the home from the other side of the globe."

Ben Hirsch
Hirsch Real Estate

"Matterport is a listings closer. [It] also brings in buyers. I created a Matterport tour for a listing and received a full-price offer, sight unseen, within 24 hours of it being posted to the MLS."

Vicky Santana
Lead Agent, NextHome
Santana Real Estate

"Our time on site is awesome. We've gone from under 1 minute to over 4 minutes since introducing Matterport to our current website...during my tenor in NYC our site time on site goal was 1 minute, and by adding video tours we were achieving only about 45 seconds, which was less than the actual video length – Matterport brings things to a whole new level."

Zhann Jochinkeeo
CEO, Keller Williams Dubai

"Matterport provides the most realistic sense of actually walking through a property online, and is the ideal platform to attract busy and out-of-town buyers. We see this becoming an essential part of every property listing in the near future."

Addie Hall
COO, David Young and Company

"We handle a lot of international and relocation business and being able to do a "virtual" showing prior to someone traveling here is priceless. It certainly puts us far ahead of our competition!"

Nick Warren
Agent,
Warren Residential

"My sales team has been delighted with the public's response to Matterport's 3D Showcase. Our agents have won listings away from the competition."

Philip Weingrow
